“If a chiropractor is loaded with spizzerinctum, his adjustments could make a bald man grow hair like a collie dog! You have no chiropractic practice without Spizzerinctum, everything else is just mechanics. Great chiropractors are loaded with Spizz, their magnetic and abundant energy flows through every cell of their being.” -- BJ Palmer

Join your chiropractic colleagues, staff, family and friends for this free casual gathering to share the love of Chiropractic with others. Come be involved, listen, and share your passion.

UVCA membership and convention registration not required. All are welcome. Will be held in the hotel conference center (room TBD).

Hosted by Drs. Diane DeReu-Foley and Carly Swift. RSVP not required but helpful:
